Re: Wellington Girls' College, 18 Pipitea Street – Building Relocation

To Whom It May Concern,

We would like to advise you of upcoming building relocation works at Wellington Girls' College, 18 Pipitea Street.

As part of these works, a number of on-street parking spaces will be temporarily removed on Pipitea Street and Hobson Street. These restrictions are necessary to provide sufficient space for the building transporter to safely navigate from Pipitea Street to the school's Hobson Street entrance.

The footpath in front of the school on Pipitea Street will also be affected during the works. Traffic management will be in place for the duration of the works, and the footpath on the opposite side of the road will remain available for pedestrian access.

The works are scheduled to take place from **9 November to 30 November** between **10am–2pm** and **7pm–6:30am**, Monday to Friday.

We apologise for any inconvenience this may cause and appreciate your patience and understanding while these works are undertaken.

Should you have any questions or concerns, please do not hesitate to contact me.

Kind Regards,

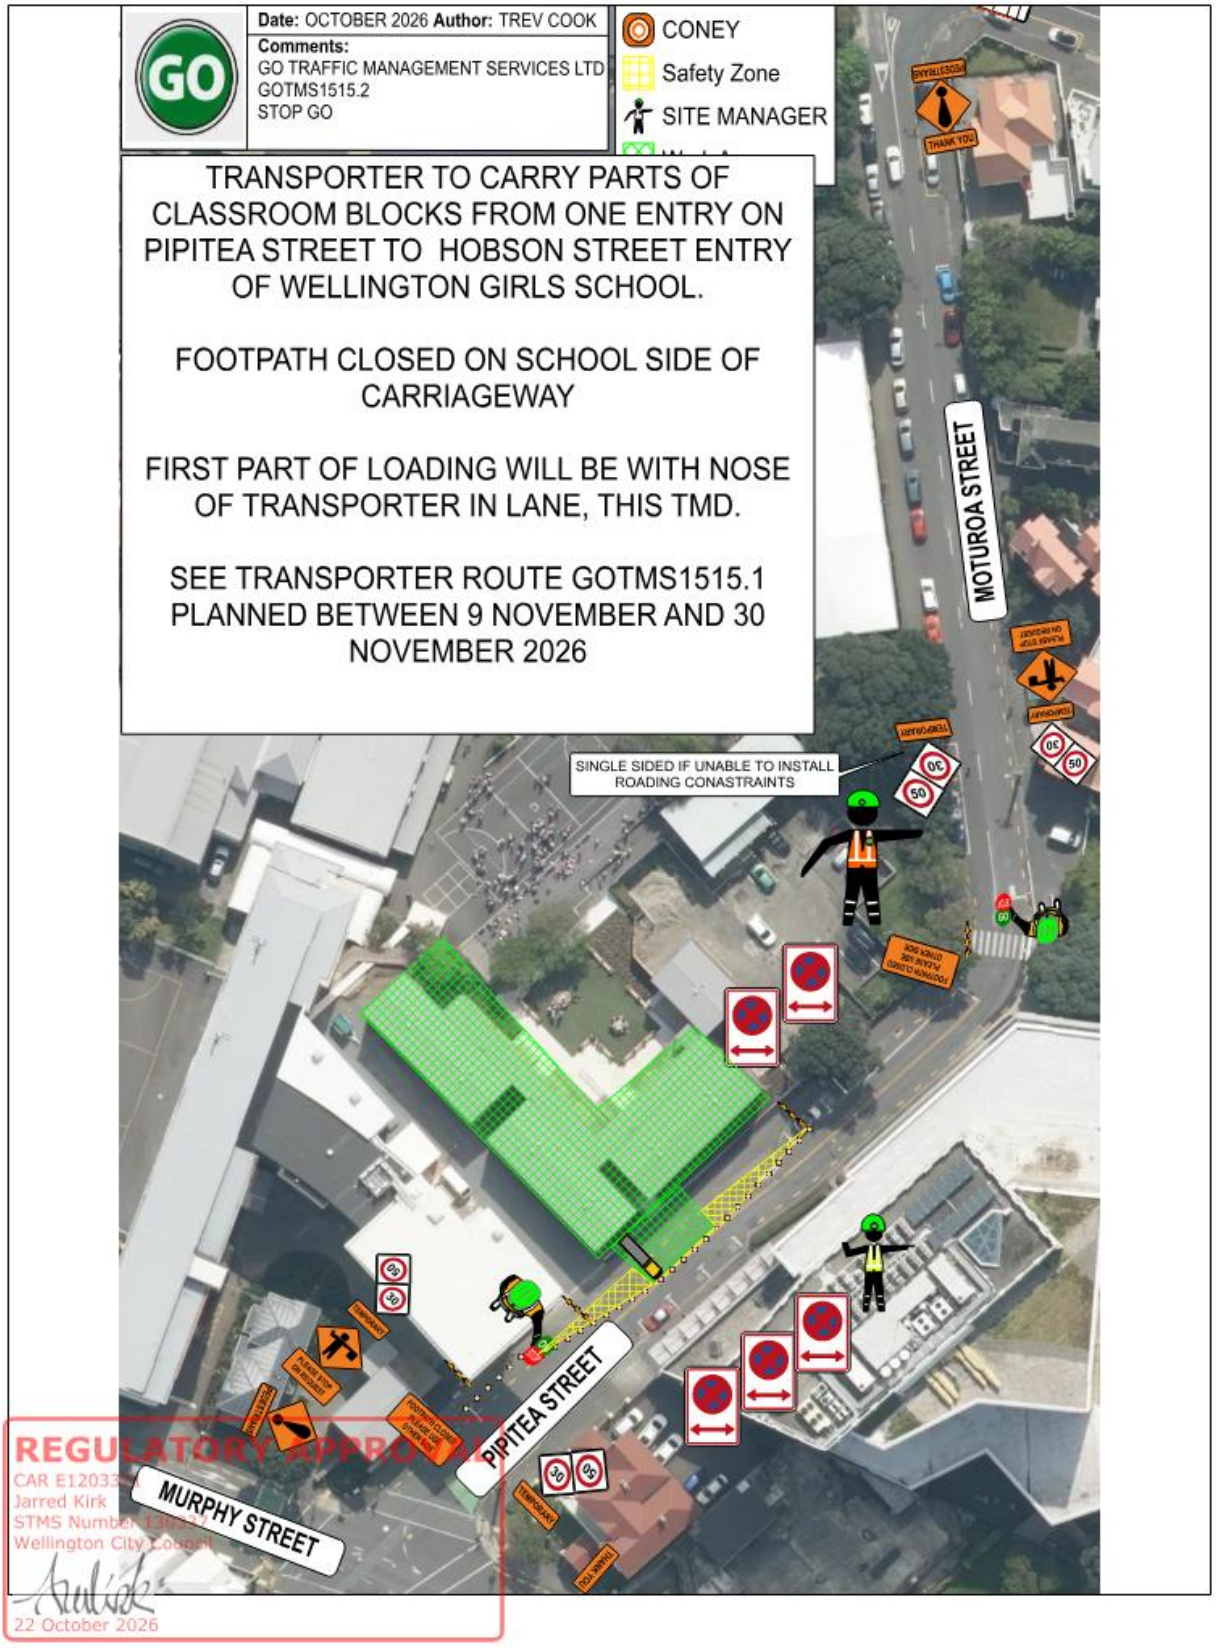

Molly Puddick
